Giving Voice Recognition Award

At Beanstalks we are committed to continuous professional development, and this year we have elected to take part in the Trafford Early Years "Giving Voice" Recognition award.

Speech and language is both a national and local priority for the under 5's and this is a key area of work that will be undertaken across the early years sector. At Beanstalks we are aiming to work our way through the accredited levels and hope to achieve platinum status, this will enable our lead practitioners to develop a deeper understanding of speech, language and communication in children under 5 and will help to support multi agency working, to support the children in our care.
